

Jan Robinson ▶ **Sit Down Free Motion Quilters with Jeanne Harrison** ...

35 mins ·

This is my new FMQ system that I came up with. I am still very new at FMQ and was feeling successful when I was quilting with small Quilt as you go pieces. However, when I tried to do the same thing on a large quilt it was a disaster. So this has been my answer and I can't believe how much easier it is. It is not perfect but it is rather amazing for me. The whole thing costs a little under \$65. I bought the Microphone stands from Amazon.
